FAQ

You can now order an HD MP4 video file of the class or classes that you competed in. You will download these files from a free file transfer service called WeTransfer. My target delivery time for video files is three weeks after the show on orders that were pre ordered, or were ordered on the day of the show.

Please make sure that you actually download your video files and store them on your computer or tablet, and not just view them.

If pre-ordering, please return this ORDER FORM, or send me an email and let me know what division and class you will be competing in. You won't know your competitor number until the day of the show and I can get that off the scoresheets.

If ordering your HD video file after the event, then please send me an email letting me know your division, class and competitor number. The more information you give me the quicker I can locate the video of your class and get it to you.

You will be receiving two emails. One from my email address wayne@gmv.com.au advising you that you your video file is uploading and you will be receiving it shortly. The other email will be from WeTransfer telling you to access your file now.

We are not shipping DVDs of this event. Should you require a hard copy on a disc of your own class mailed to you, that may be arranged for an extra charge to cover costs.

All footage is copyright Mr. Olympia, LLC and the class file cannot be posted on-line or on social media without written permission from the promoter, Mr. Olympia, LLC.
